

Your First Choice for Floating Dock Solutions

For Immediate Release

September 8, 2014

AccuDock®- Named to the Inc. 5000 list of Fastest Growing Privately Held Companies in the U.S.

Based in Pompano Beach, Florida, [AccuDock®](#) has been providing customers with [floating dock solutions](#) since 1993. Originally servicing the [commercial market](#) with floating [work platforms](#), AccuDock® began integrating into all markets requiring floating dock solutions in 2007. AccuDock® has been experiencing tremendous growth due to their continued focus on customer service, product development and improvement, as well as employee empowerment.

AccuDock® was just recently named to Inc. 5000's list of the fastest growing privately held companies in the United States! For more than 30 years, Inc. Magazine has been the premier print publication for entrepreneurs and business owners. Check out the Inc. 5000 list by clicking [here!](#)

[AccuDock®](#) CEO, John Harrison, explains why he feels AccuDock® is growing at such a substantial rate in stating "We believe in our products, staff, and most importantly, our Customers! Our mission first and foremost is to treat every customer as part of our AccuDock® Family! We proudly stand behind our quality floating dock products 100%, taking a personal interest from start to finish in each and every floating dock purchase!"

Phil. W., a representative for the St. Andrew Rowing Club in Roswell, GA, who recently purchased a low profile [rowing dock](#) for use by the St. Andrew Crew Club as well as Georgia Tech Crew, backed up the AccuDock® philosophy of putting the quality of their product and customers first in stating "In order to qualify the AccuDock® product, I made phone calls to several people who had installed their dock system, and all were very complimentary of the product and the people at AccuDock®. I can now say, after our dock has been installed for nine months, that the support and patience of AccuDock® has been the best we could have asked for."
